## **ENVIRONMENTAL POLICY**

### **General Statement**

Stalkers Transport Services recognises that its operations and activities impact upon the environment in a number of ways and as such is committed to continually reducing these. The overall objective will be to develop the business having full regard to the environment and tasking into account the views of all affected interests. We will develop and implement environmental controls in the light of progressive knowledge.

### **Responsibilities**

The Managing Director has overall responsibility for ensuring that the organisation's environmental policy is implemented and reviewed at least on an annual basis to consider it's continuing effectiveness and progression.

All other Directors and Managers are responsible for environmental protection within their area of responsibility and all employees are encouraged to voice their ideas and suggestions to improve the organisations impact upon the environment. This may be achieved through either speaking directly to a Director or in consultation with their Manager.

### **Objectives**

- To meet and where possible, exceed all relevant statutory legislation
- To maintain the appearance of the premises to the highest practical standard
- To ensure that possible pollution from our activities is identified, eliminated or tightly controlled
- To minimise our consumption of materials, fuels, energy and water as much as economically feasible
- To identify all waste materials and wherever possible, send them for recycling to reduce the amount send to landfill
- To eliminate or minimise any potentially harmful effects our activities have upon on employees and the general public
- To identify and monitor any materials or practices that may cause noise pollution and eliminate wherever possible
- To assess in advance where possible, the environmental effects of any new development and adjust the plans accordingly
- To be committed to continuous improvement
